

Tree Planting at Historic Elm Site

FRIDAY, SEPTEMBER 25, 2026 • 1PM
Historic Elm Site, 114 Main, Wellsboro, PA

A Princeton American Elm (*Ulmus americana* 'Princeton') has been selected to replace the historic American Elm that was removed this past June 2026. This cultivated variety of American Elm was introduced in 1922 by Princeton Nurseries in New Jersey and has shown tolerance to Dutch Elm Disease for more than a century.
